"Pharmacists Addressing Health Disparities"

Presents

The HIV Treatment Adherence Training Series

February 8-9, 2012 | 8:30am - 5:00pm

**Metropolitan Community Church of Washington ~ 474 Ridge Street, N.W
~ Washington, DC 20001**

Treatment Adherence Training Series is a hands-on two-day training session that builds upon the foundation of HIV/AIDS Adherence Counseling. This in-depth course covers an array of topics, including the basic science of HIV, transmission of HIV, diagnosis, opportunistic infections, effective communication with patients and providers and antiretroviral medications. Emphasis will be placed on maximizing adherence by covering the use of adherence techniques and tools, the consequences of non-adherence, and how to access supportive services. Participants will come away with increased knowledge in these critical aspects of HIV/AIDS treatment adherence. **Seating is limited.**
